

NIRMALA MEMORIAL FOUNDATION COLLEGE OF COMMERCE AND SCIENCE  
(AUTONOMOUS)

NMFC / DEP 522 / MAY, 2026

27<sup>th</sup> May, 2026

**NOTICE**

**First Year / Second / Third Year BMS and B.Com (A&F) Semester I, II, III,  
IV, V and VI**

**Internal Assessment ATKT / Ex- Students (Choice Based) Examination June, 2026**

Students of B.Com (M S) and B.Com (A & F) under Choice Based Pattern who have remained absent / failed in the Internal Assessment at Semester I, II, III IV, V and /or VI, and filled the ATKT examination form should submit the assignment in the respective subject on Saturday , 20<sup>th</sup> June, 2026 at 9.00 am in block no. 510

**Note : The assignment should be typed or handwritten and have a minimum of 10 and maximum of 12 pages.**

In case of default, the candidate will be declared as "Fail" as there is **separate head of passing at the Theory Exam and Internal Assessment**. No Project Report will be accepted after the last date mentioned above.

The list of topics is put up separately on the website.

(Vice – Principal)

(I/C Principal)

**Nirmala Memorial Foundation College of Commerce and Science**

**(Autonomous)**

**ASSIGNMENT TOPICS FOR INTERNAL ASSESSMENT ATKT (CHOICE BASED PATTERN)**

**EXAMINATION, JUNE, 2026**

**FYBMS Semester I**

<b>Foundations of Human Skills</b>	Stress management techniques adopted by companies					
<b>Business Communication</b>	Colours as non-verbal communication					
<b>Introduction to Financial Accounting</b>	A study on International Financial Reporting Standards					
<b>Foundation Course I</b>	A study on social inequalities					
<b>Business Law</b>	Cheque, essentials and various kinds of crossing of cheque					
<b>Business Statistics</b>	Q. 1) Find the median of the following distribution					
	Marks obtained	0 – 10	10 – 20	20 – 30	30 – 40	40 – 50
	No of Students	5	8	27	14	6
	Q. 2) Compute the Quartile deviation and coefficient of quartile deviation for the following distribution.					
	Weekly wages (in Rs)	0 – 100	100 – 200	200 – 300	300 – 400	
	No of workers	12	18	35	42	
	Weekly wages (in Rs)	400 – 500	500 – 600	600 – 700	700 – 800	
	No of workers	50	45	20	8	
	Q. 3) Two friends A and B fire at a target. The odds in favour of A hitting the target are $\frac{2}{3}$ and the odds against B hitting the target are $\frac{3}{5}$ . Find the probability that					
	<ul style="list-style-type: none"> <li>i. the target is hit,</li> <li>ii. both hit the target,</li> <li>iii. both miss the target.</li> </ul>					

Q. 4. Explain The concept of data and its types.  
 Q. 5) Following is the pay off matrix corresponding to four states of nature S1, S2, S3, S4 and four courses of action A1, A2, A3, A4.

State of nature	Course action				Probability of state
	A1	A2	A3	A4	
S1	50	400	-50	0	0.15
S2	300	0	200	300	0.45
S3	-150	100	0	300	0.25
S4	50	0	100	0	0.15

Calculate expected pay off and find best course of action using EMV.  
 Calculate EOL for each course of action and find best course using EOL.

- Q. 6) Write a short note on skewness and kurtosis.  
 Q. 7) Discuss the merits and demerits of Karl Pearson's coefficient of correlation.  
 Q. 8) Write a short note on expected value of perfect information.  
 Q. 9) State the elements common to decision theory problems.  
 Q. 10) State the merits and demerits of mean.

**Business Economics I**

A study on monopolistic and oligopolistic markets

## FYBMS Semester II

<b>Principles of Management</b>	A study on 14 principles of management with a relevant case study																					
<b>Business Communication II</b>	Write a project on making of power point presentation																					
<b>Principles of Marketing</b>	A study on elements of marketing mix																					
<b>Foundation Course II</b>	A study on soil pollution																					
<b>Industrial Law</b>	A study on trade union act, 1926																					
<b>Business Mathematics</b>	<table border="1" style="width: 100%;"> <tbody> <tr> <td style="width: 5%;">1.</td> <td>A person has taken a loan of Rs. 40,000 from a money lender who charges a high interest at 10% per month. The person returns the loan in equal installments in 4 months. Find the EMI he has to pay and also prepare the amortization table of repayment.</td> </tr> <tr> <td>2.</td> <td>In how many distinct ways can the letters of the word "CHEMISTRY" be arranged such that (i) there is no restriction (ii) the word begins with a vowel (iii) the letters T, R and Y are never together.</td> </tr> <tr> <td>3.</td> <td>Obtain the technology matrix <math>A</math> for the following two industry input-output model. Assuming <math>A</math> to be constant, find the level of output when the final demand of both products is doubled.</td> </tr> <tr> <td></td> <td> <table border="1" style="width: 100%;"> <thead> <tr> <th style="width: 30%;"></th> <th colspan="2">Consumption by industry</th> <th rowspan="2">Final demand</th> <th rowspan="2">Total output</th> </tr> <tr> <th>Industry</th> <th>X</th> <th>Y</th> </tr> </thead> <tbody> <tr> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> </tbody> </table> </td> </tr> </tbody> </table>	1.	A person has taken a loan of Rs. 40,000 from a money lender who charges a high interest at 10% per month. The person returns the loan in equal installments in 4 months. Find the EMI he has to pay and also prepare the amortization table of repayment.	2.	In how many distinct ways can the letters of the word "CHEMISTRY" be arranged such that (i) there is no restriction (ii) the word begins with a vowel (iii) the letters T, R and Y are never together.	3.	Obtain the technology matrix $A$ for the following two industry input-output model. Assuming $A$ to be constant, find the level of output when the final demand of both products is doubled.		<table border="1" style="width: 100%;"> <thead> <tr> <th style="width: 30%;"></th> <th colspan="2">Consumption by industry</th> <th rowspan="2">Final demand</th> <th rowspan="2">Total output</th> </tr> <tr> <th>Industry</th> <th>X</th> <th>Y</th> </tr> </thead> <tbody> <tr> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> </tbody> </table>		Consumption by industry		Final demand	Total output	Industry	X	Y					
1.	A person has taken a loan of Rs. 40,000 from a money lender who charges a high interest at 10% per month. The person returns the loan in equal installments in 4 months. Find the EMI he has to pay and also prepare the amortization table of repayment.																					
2.	In how many distinct ways can the letters of the word "CHEMISTRY" be arranged such that (i) there is no restriction (ii) the word begins with a vowel (iii) the letters T, R and Y are never together.																					
3.	Obtain the technology matrix $A$ for the following two industry input-output model. Assuming $A$ to be constant, find the level of output when the final demand of both products is doubled.																					
	<table border="1" style="width: 100%;"> <thead> <tr> <th style="width: 30%;"></th> <th colspan="2">Consumption by industry</th> <th rowspan="2">Final demand</th> <th rowspan="2">Total output</th> </tr> <tr> <th>Industry</th> <th>X</th> <th>Y</th> </tr> </thead> <tbody> <tr> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> </tbody> </table>		Consumption by industry		Final demand	Total output	Industry	X	Y													
	Consumption by industry		Final demand	Total output																		
Industry	X	Y																				

X	40	50	110	200
Y	100	80	120	300
Labour	60	170		

What is the labour input requirement of this output?

4. Solve the following system of equations using Cramer's rule.  
 $2x + 3y + z = 9$ ,  $x + 2y + z = 6$ ,  $3x + y + 2z = 8$

5. Find the inverse of  $A = [1 \ 2 \ -1 \ 4 \ -1 \ 8 \ 6 \ 3 \ 5]$  using adjoint method.

6. Examine the maxima and minima for function  
 $f(x) = 2x^3 - 9x^2 + 12x + 5$ .

7. Differentiate the following with respect to  $x$ .  
 (i)  $y = x^3 \log x - xe^x$  (ii)  
 $y = (2x^3 - 3x^2 + 5x - 10)(5e^x - 2 \log x)$

8. If the total cost of producing a product is given by  
 $C(x) = 2x^3 - 5x^2 + 15x + 100$ , find (i) average cost (ii) marginal cost (iii) actual cost of producing 11<sup>th</sup> unit of product.

9. Using Newton's forward interpolation formula, find  $f(70)$ .

$x$	19	39	59	79	99
$f(x)$	41	103	168	218	235

10. The population of a town in the decennial census is given below. Estimate the population for the year 1976, using Newton's backward interpolation formula.

Year	1951	1961	1971	1981	1991
Population (in thousands)	46	66	81	93	104

**Business Environment**

A study on external environment

**Nirmala Memorial Foundation College of Commerce and Science**

**(Autonomous)**

**ASSIGNMENT TOPICS FOR INTERNAL ASSESSMENT ATKT (CHOICE BASED PATTERN)**

**EXAMINATION, JUNE, 2026**

**FYB.Com (A& F) SEM I**

<b>Courses</b>	<b>Topic</b>
Commerce I	Components of business environment
Business Communication I	Signs and symbols as a way of communication
Financial Accounting I	Valuation of inventory with examples
Foundation Course I	A study on social inequalities
Economics I	Elasticity of demand and its types
Cost Accounting I	Material costing
Financial Management	Different types of leverages with examples

**FYB.Com (A& F) SEM II**

<b>Courses</b>	<b>Topic</b>
Financial Accounting ( Special Accounting Areas) - II	A study on meaning and classification of branches
Auditing ( Introduction to Planning) – I	A study on types of audit
Taxation – I ( Indirect Taxes – I)	A study on MVAT Act 2002
Business Communication - II	A study on public relations
Foundation Course - II	A study on Man-made disasters
Business Law ( Business Regulatory Framework) - I	A study on sale of goods Act 1930
Business Mathematics	A Study on Mutual Funds

(Autonomous)

ASSIGNMENT TOPICS FOR INTERNAL ASSESSMENT ATKT (CHOICE BASED PATTERN)

EXAMINATION, JUNE, 2026

## SYBMS SEM III

Courses	Topic
Information Technology in Business management I	A study on Management Information System
Business Planning and Entrepreneurial Management	A study on problems faced by Women Entrepreneurs
Foundation Course III	A study on Global Warming
Accounting of Managerial Decisions	A study on ratios with any company as an example
Advertising	Discuss different elements of a layout
Basics of Financial Services	A study on mutual funds
Introduction to Cost Accounting	A study on Classification of Cost and Cost Sheet with two solved sums
Consumer Behaviour	A study on factors influencing consumer buying decisions
Strategic Management	A study on BCG Matrix and GE 9 Cell
OB & HRM	A study forms of employee separation
Motivation and Leadership	A study on monetary and non monetary motivational tools adopted by Indian companies

## SYBMS SEM IV

Foundation Course IV	Discuss any three cases which depicts unethical practices in the corporate world
Business Economics II	A study on Fiscal Policy
Business Research Methods	Report Writing
Information Technology in Business management II	A study on concept of E-CRM
Production and Total Quality Management	Concepts and Importance of Total Quality Management
Auditing	Verification of Assets and Liabilities
Financial Institutions and Markets	A study on Financial Markets
Integrated Marketing Communication and advertising	A study on Direct Marketing
Rural Marketing	A study on Rural Consumer Behaviour
Change Management	A study on technology adoption in banking sector in India
Training and Development in HRM	A study on training methods ( On – the – job and off- the - job)

**Nirmala Memorial Foundation College of Commerce and Science**

**(Autonomous)**

**ASSIGNMENT TOPICS FOR INTERNAL ASSESSMENT ATKT (CHOICE BASED PATTERN)**

**EXAMINATION, JUNE, 2026**

**SYB.Com (A& F) SEM III**

<b>Courses</b>	<b>Topic</b>
Financial Accounting III	Amalgamation of firms
Business Law II	Define MoA & AoA and its features and procedure for alteration
Taxation I	A study on Income from other sources
Information Technology in Accountancy - I	A study on MS Excel
Foundation Course III	A study on Capital market in India
Economics II	Inflation, cause & effects of inflation
Cost Accounting II	Define & then distinguish between variable, semi-variable & fixed costs

**SYB.Com (A&F) SEM IV**

<b>Courses</b>	<b>Topic</b>
Foundation Course IV	A study on Formal and Informal Organisation Structure
Business Law-III	A study on Strike
Research Methodology in Accounting and Finance	A study on Report writing
Information Technology in Accountancy - II	A study on Management Information System
Financial Accounting –IV	A study on definition and explanation of consignment, consignor, consignee
Taxation-III	A study on Set-off and carry forward of losses
Management Accounting-I	A study on working capital management

**Nirmala Memorial Foundation College of Commerce and Science**

**(Autonomous)**

**ASSIGNMENT TOPICS FOR INTERNAL ASSESSMENT ATKT (CHOICE BASED PATTERN)**

**EXAMINATION, JUNE, 2026**

**TYB.Com (A& F) SEM V**

Financial Accounting – V	Solve any 5 sums on Internal Reconstruction
Financial Management II	Solve any 5 sums on Capital Budgeting
Financial Accounting VI	Solve any 5 sums on Banking Companies
International Finance	Solve on any 5 sums on Foreign Exchange
Cost Accounting III	Solve any 5 sums on Standard Costing
Taxation III	Solve any 5 sums on Time of Supply

**TYBMS SEM V**

Logistics and Supply Chain Management	A Study on core Functions of Inventory Management
Corporate Communication and Public Relation	A Study on Use of AI in Reputation Building
Service Marketing	A Study Service Flower
Sales and Distribution Management	A Study on Channel Conflict
Customer Relationship Management	A Study on Data Analytics in CRM
E-Commerce and Digital Marketing	A Study on digital Marketing strategies Used by Major E-Commerce companies
Wealth Management	Solve any 5 sums on Investment Options Evaluation
Risk Management	Solve any 5 sums on Risk Assessment
Investment Analysis and Portfolio Management	Solve any 5 sums on Standard Deviation
Direct Tax	Solve any 5 sums on Computation of Total Income
Industrial Relations	A Study on the gig economy's challenges
Finance of HR Professionals and HR Compensation Management	A Study on analyzing compensation trends
Strategic Human Resource Management and HR Policies	A Study on Talent Management
Performance Management and Career Planning	A Study on the impact of AI & Analytics on Performance Management & Career Planning

**Nirmala Memorial Foundation College of Commerce and Science**

**(Autonomous)**

**ASSIGNMENT TOPICS FOR INTERNAL ASSESSMENT ATKT (CHOICE BASED PATTERN)**

**EXAMINATION, JUNE, 2026**

**TYB.Com (A& F) SEM VI**

Financial Accounting – VII	Solve any 5 sums on Investment Accounting
Financial Management III	Solve any 5 sums on Business Valuation
Security Analysis Portfolio Management	Solve any 5 sums on Portfolio Management Valuation
Cost Accounting IV	Solve on any 5 sums on Budgeting
Taxation IV	Solve any 5 sums on ITC

**TYBMS SEM VI**

Operation Research	Solve any 5 sums on Linear Programming
International Marketing	A Study on Global Service Marketing
Media Planning and Management	A Study on Media Planning Process
Brand Management	A Study on Types of Branding
Retail Management	A Study on Merchandise Planning in Retail
Innovative Financial Services	A Study on Factoring and Forfeiting
Project Management	Solve any 5 sums on Budgeting
Indirect Taxes	Solve any 5 sums on Value of Supply
International Finance	Solve any 5 sums on Computation
Organisational Development	A Study on Types of Intervention
Human Resource in Global Perspective	A Study on Trends and Challenges of IHRM
HRM in Service Sector Management	A Study on Relationship Marketing
Indian Ethos in Management	A Study on the Stress Management Techniques
