

LIVE GREEN

Caring about the
environment is beautiful.

ENVIRONMENT POLICY

Preamble

The College acknowledges and takes the responsibility for the environmental impact of its activities. The college is committed to mitigate the impact of its operations and behaviour on the natural environment.

The college complies with all the environmental legislation. It works to increase awareness about environmental responsibility to the students and staff members. It pledges to maintain the college campus environmentally conscious manner for the benefit of all present and future stakeholders keeping their health and safety utmost in mind.

In keeping with its tradition of innovation and intellectual excellence the college has outlined the following policies and practices.

Objectives :

- To reduce the adverse impact of institutional activities on the environment.
- To sensitize students and staff towards environment conservation through courses, activities and awareness initiatives
- To encourage tree plantation within and outside college campus

The Policy

- The processes related to admission, fee payment and attendance system has to be conducted online to reduce usage of paper.
- The library should also encourage students to access online resources using different virtual library portals.
- The electricity should be conserved by educating staff and students and using more energy efficient equipment.

ENVIRONMENT POLICY

- The institution should maintain plantation area by planning trees with medicinal values and reduce carbon footprint.
- The waste generated from Institutional activities should be properly disposed /recycled to have minimal harmful impact on the environment.
- Institution should encourage tree plantation in the vicinity of the college and by gifting saplings to the guests and invitees.
- The college should conduct periodic e-waste and plastic waste collection drives.
