## Learning Management System

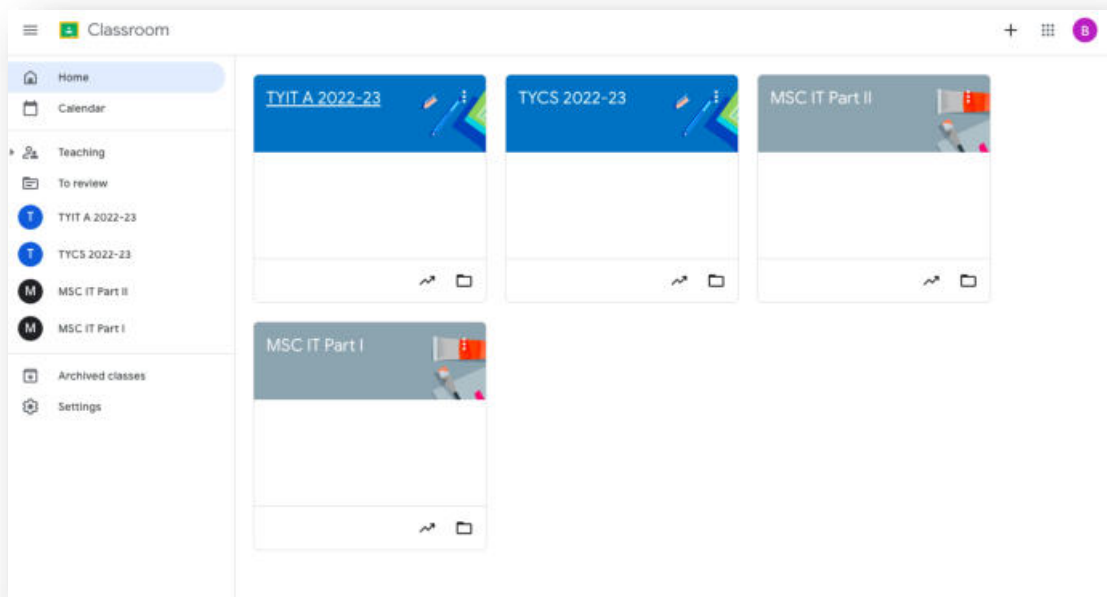

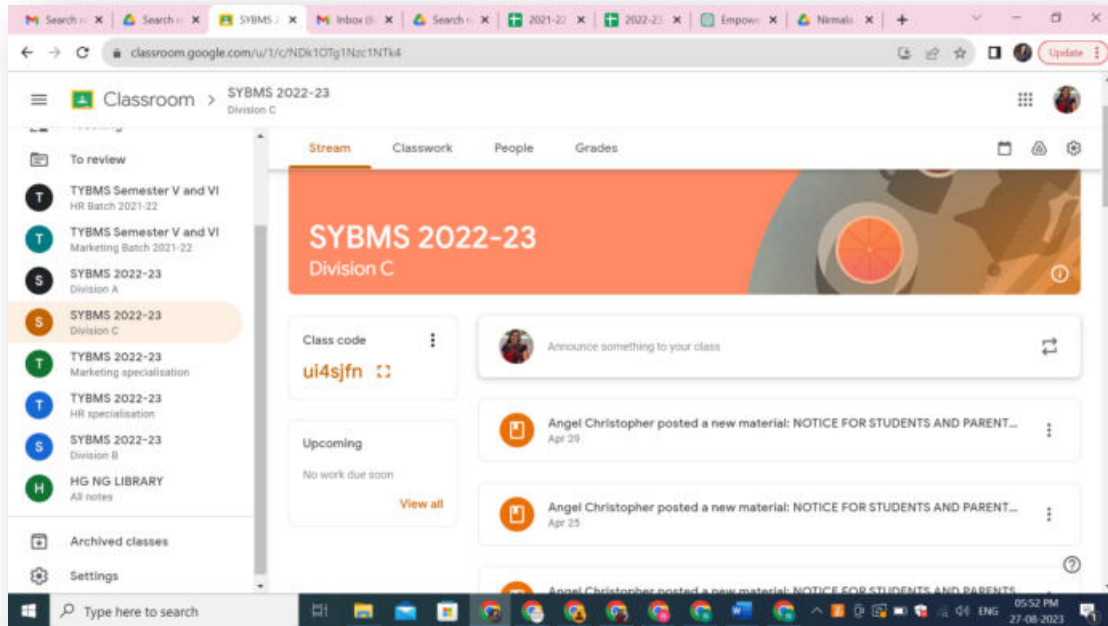

A Learning Management System (LMS) is a digital platform that facilitates the management, delivery, and tracking of online educational content and training programs. We use Microsoft Teams, Padlet, Kahoot, Quizziz etc. G Suite for Education complements a Learning Management System by providing collaborative tools like Google Classroom and Drive, enhancing communication and content sharing in an educational setting.

### A. Microsoft Teams

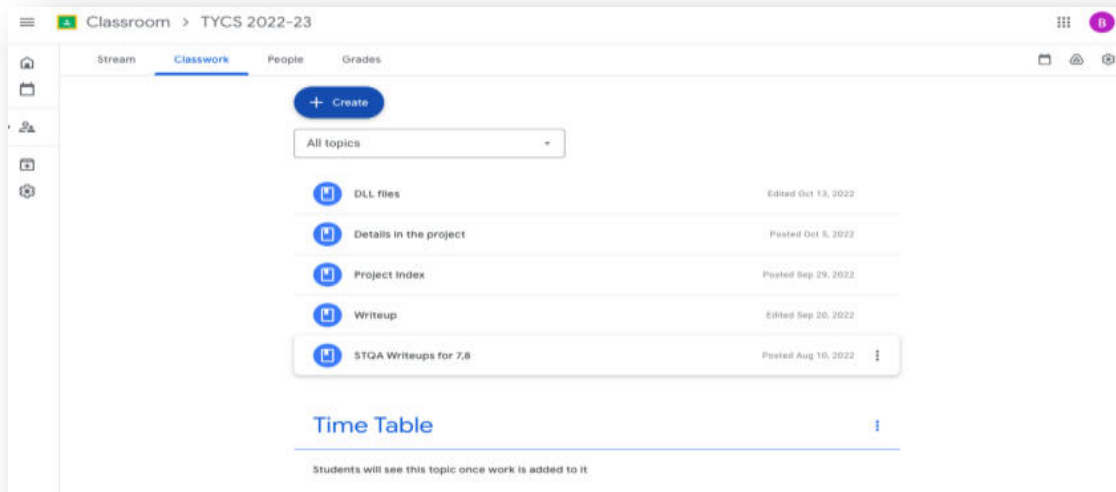

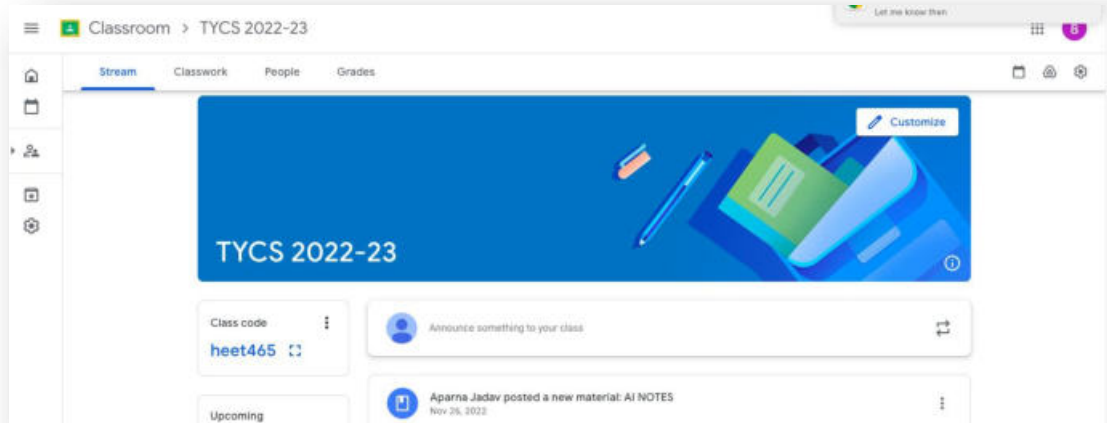

We utilize Microsoft Teams to conduct online webinars and lecture sessions for our Master's programs. Teams serves as a platform for virtual seminars, allowing us to schedule and invite participants to interactive sessions. It enhances remote learning by providing an interactive and flexible environment for students and instructors.
