Report on Communication Skills-Let's Learn English

Title of the Course: Let's Learn English

Objective of the course: To improve the written and verbal skills of the students.

Duration of the course: 30 Hrs.

Target audience: Students of first year BAF and BMS.

Methodology: The resource person began the sessions with basic interaction, asking questions and having discussions on a variety of topics to gauge the knowledge of the students, followed by the content of the course. The content was delivered with the help of PPTs and OERs. Every session covered specific topics related to framing of sentences, free speech, vocabulary, public speaking among other things. After teaching the intended topic, Mr. Dinanth would then assess how much the students have understood by asking them to repeat what was discussed and asking questions on the same. He would correct and encourage them whenever they made a mistake. Course material was provided by the instructor at the end of the day. On alternate evenings, students would receive a call from the institute's staff where they would converse on the topics learnt the previous day. Outcome of the course: 76 students benefited from the course. Firstly, they developed the confidence to speak in public. Next, they were able to construct basic sentences where initially they would answer questions in one or two words. They also learnt how to present their thoughts in a clear manner. The students were able to improve their grammar and vocabulary as they got familiar with a lot of new words. The course also helped in the overall personality development of the students.
