SYIT/SEM IV/COMPUTER GRAPHICS AND ANIMATION

Time: 2½ hrs.		rks:75
Note	An anadione are compulsory with internal choice.	
		(15)
Q.1	Answer the following (any three) (a) What is computer graphics? Explain the applications of computer graphics in detail. (b) What is CRT? Explain the working of CRT using neat and labelled diagram.	
	(c) Write a note on Random Scan.	1.8
	(d) What is video? Explain different types of video formats.	
	(e) Write a short note on picture element. (f) Explain DDA Line Drawing Algorithm with appropriate example.	
		(15)
Q.2	Answer the following (any three)	
	(a) What is transformation? Explain transformation methods in detail.	
	(b) Write a short note on left hand coordinate system.	
	(c) Explain transformation conventions in detail.	
	(d) What is 2D transformation? Explain Translation and Rotation transformation in 2D.	
	(e) Explain affine and perspective geometry in detail.	
	(f) Explain in brief window to viewport transformation with neat labelled diagram.	(15)
Q.3	Answer the following (any three)	(,
	(a) Write a short note on stages in 3D Viewing.	
	(b) Explain different coordinate systems in detail.	
	(c) Write short note on photometry in detail.	
	(d) Explain the concept of viewing in 3D.	
	(e) Define Color. Explain colorimetry in brief.	
	(f) Write a short note on Canonical View Volume (CVV).	(15)
Q.4	Answer the following (any three)	(15)
•	(a) What is visible surface determination? Explain different methods of it.	
	(h) Explain Painter's algorithm in detail.	
	(a) Write a short note on area sub division method.	
	(d) Explain different categories of visible surface detection algorithm.	
	(e) Write a short note on curve representation.	
	(f) Differentiate between all visible surface detection methods.	(15)
Q.5	Answer the following (any three)	(15)
	(a) What is an animation? Explain the application of animation.	
	(b) Explain different techniques of animation.	
	(a) Fimilian deformation in detail.	
	(4) Explain any five principles of animation with suitable example.	
	(e) What is an image? Explain different file formats of an image.	
	(f) Write a short note on key framing in detail.	
	X
