

Institutional Distinctive Practice: 2024-25

Privilege Card for Advanced Learners

One of the hallmark initiatives undertaken by the Internal Quality Assurance Cell (IQAC) since 2022-23 and continued in 2024-25 is the recognition and encouragement of academic excellence through the “**Privilege Card**” scheme. This distinctive practice is designed to reward advanced learners and foster a culture of consistent academic achievement across all programs.

Under this initiative, the **top ten rankers from every class in each program** are identified and honored with a *Privilege Card*. This recognition not only celebrates their academic performance but also motivates other students to strive for excellence.

The Privilege Card offers **special benefits in the library**, particularly in the book issuance policy. Cardholders are granted additional borrowing privileges beyond the standard limit, enabling them to access a wider range of academic resources. This enhanced access supports deeper learning, research engagement, and intellectual growth.

The initiative has had a significant institutional impact, with **120 students across various programs** benefiting from the scheme. By linking academic performance with tangible academic support, the institution reinforces its commitment to nurturing merit and promoting a scholarly environment.

This practice stands out as a distinctive feature of the institution, as it integrates **recognition, motivation, and academic enrichment** into a single structured mechanism. It reflects the institution’s vision of empowering learners and sustaining quality education through innovative and student-centric approaches.
